Why Bay West . . .

- ✓ **31 Years of Service** - Bay West has 31 years of hands-on experience and consistently commended work by State customers such as the Minnesota Pollution Control Agency, and manufacturers such as Andersen Corporation and Marathon Ashland Petroleum LLC.
- ✓ **The Choice of Regulators** - Bay West holds two contracts with the State of Minnesota, all which involve waste management, cleanup, and emergency response. We also operate Ramsey County's Household Hazardous Waste Program.
- ✓ **Regulatory Knowledge & Experience** - Bay West has extensive experience working under State and Federal regulators' programs, including RCRA, CERCLA, TSCA, and SARA Title III.

We have a thorough working understanding of the regulations, processes, and procedures that are needed for the proper completion of waste management, transportation & disposal, and labpacking projects.
