Bay West Awarded EE/CA & Remediation Task Order for Indiana AAP by Corps of Engineers

ST. PAUL, MINNESOTA—**Bay West, Inc.**, an environmental services company, announced that it has been awarded an Environmental Remediation Services (ERS) Contract task order by the US Army Corps of Engineers, Omaha District. Bay West will perform an Engineering Evaluation/Cost Analysis (EE/CA) and removal of identified munitions of concern (MEC), bullet fragments, and contaminated soil at a firing range associated with the Indiana Army Ammunition Plant near Jeffersonville, IN. The task order is being performed under the Military Munitions and Response Program (MMRP).

This task order was issued under Bay West's Omaha District ERS contract, a mechanism that allows Bay West to be accessed by Omaha District customers in the continental United States. Projects under this contract encompass the full range of environmental services from site characterizations and investigations, to design and engineering, to remediation and site closure.

Bay West provides environmental, industrial, and emergency services to commercial and Government customers nationally. For more information on Bay West and the ERS contract, log onto www.baywest.com.
