### ***Minneapolis CPED and Hennepin County Awards Consultant Contracts to Bay West, Inc.***

ST. PAUL, MINNESOTA—**Bay West, Inc.**, an environmental and industrial services company, has been awarded the City of Minneapolis' Community Planning and Economic Development 2-year contract for environmental and geotechnical services. Bay West has held this contract since 2000. Services provided by Bay West under the contract include environmental assessments, sample collection, testing, data evaluation, remedial investigations, emergency response, and hazardous waste management. The contract supports CPED's mission to carry out housing and economic development activities in the City.

Earlier this year, Bay West was also awarded Hennepin County's Professional/Technical Consultant Contract for 2005-2006. Bay West has held this contract since 1998 and has performed several projects under it, including the investigation and cleanup of the Docs Auto Salvage Superfund Site in Minneapolis. Other types of work under the contract include engineering and planning, environmental health and safety services, environmental engineering and testing, Phase I/Phase II services, and industrial cleaning services.

**Bay West** provides environmental, industrial, and emergency services to commercial and government customers nationally.
