### ***Bay West Awarded MEC & HTRW Remediation Task Orders Corps of Engineers***

ST. PAUL, MINNESOTA—**Bay West, Inc.**, an environmental services company, announced that it has been awarded firm-fixed price remediation task orders by the US Army Corps of Engineers, Omaha District.

Bay West will prepare a Feasibility Study for cleanup of soil and groundwater at the former Black Hills Army Depot, a FUDS/DERP Superfund site in Igloo, South Dakota. At the Umatilla Chemical Depot in Hermiston, Oregon, Bay West will complete activities related to the cleanup of Munitions and Explosives of Concern (MEC).

These task orders, totaling \$863,000, were issued under Bay West's Omaha District ERS contract, a mechanism that allows Bay West to be accessed by Omaha District customers in the continental United States. Projects under this contract encompass the full range of environmental services from site characterizations and investigations, to design and engineering, to remediation and site closure.

**Bay West** provides environmental, industrial, and emergency services to commercial and Government customers nationally. For more information on Bay West and the FPRI contract, log onto [www.baywest.com](http://www.baywest.com).
